

Overall purpose: Girraween Public School will create 21st century learners through innovative, culturally sensitive, teaching practice with a focus on project based learning and technology.

Project Based Learning (PBL)

Creating a dynamic and quality learning environment by embedding Project Based Learning (PBL)

English

Implementing high standards of education through multimodal literacy programs and enhancing comprehension

Mathematics

Developing students' mathematical reasoning and creative activity in preparation for life in the 21st century

Purpose of Project Based Learning

To provide innovative curriculum delivery, ICT embedded throughout all KLAs and ensure that all learning is personalised and differentiated. To develop skills in becoming active, life long learners, to work with each other and to reflect on their learning.

Purpose of English

To develop quality teaching and learning programs that encourage all students to develop their critical and imaginative skills that deepens their understanding of themselves and the world.

Purpose of Mathematics

To support students in making informed mathematical decisions to apply and interpret mathematical knowledge, skills and understandings in a broad range of contexts and across all KLAs.
