**10th September Multicultural Day**

**12th September Summer PSSA starts**

---

Dear Parents,

Our annual Performing Arts Night was a huge success last Wednesday. The evening is a celebration of student achievement in the creative arts. Parents were witness to a seamless presentation of items in dance, drama and music on stage and animation on the computer screen in our school hall. Congratulations to all our performers and thank you to all the teachers, and parents who contributed to making the night such a success for our school.

I would like to congratulate the students, parents and teachers who received Education Week Awards during the Performing Arts Night. All recipients were nominated for their contributions to our school in the past year.

On Tuesday night our Celebrating The Arts choir and dance group performed at Parramatta Riverside Theatre. The choir joined other local schools in a massed choir performance during the evening. Our dance group performance was a highlight of the evening. The evening closed with a finale involving all students coming together onstage.

Next week we will hold our annual Multicultural Day. Students will be presenting their study of a country in classrooms. Students can purchase a meal as part of the day's celebrations and school fundraising for term 3. Parents are welcome to visit classrooms from 2.00-2.30pm. We will celebrate the cultural diversity reflected in our students, staff and community. By participating in these activities we can learn and better understand how all Australians from diverse backgrounds belong to this nation and make up our diverse Australian nationality in 2014.

The P&C Father's Day stall was very well supported by students and parents again this year. Thanks to all parents who volunteered their time to assist with the organisation and the stalls on Tuesday and Wednesday. It was great to see that all students had the opportunity to buy a gift for their dads, uncles and/or grandfathers.

Happy Father's Day to all our Dads on Sunday!

*G. Walker*

## **Enrolment Notice - 153 Toongabbie Road, Toongabbie**

Dear Parents,

Girraween Public School is currently at enrolment capacity for the available accommodation. In 2015 and for the following years, projections are that local enrolment numbers will exceed the enrolment ceiling. Only local area students are accepted for enrolment and evidence that the family is living in our catchment area is required.

Under the Department of Education and Communities' Enrolment of Students in Government Schools - A Summary and Consolidation of Policy, all government schools in New South Wales have a designated intake area with a pre-defined boundary.

The designated intake area is defined by the map included in this notice. The map is also available from the school office and our website. The intake area is reviewed periodically and may be amended.

All children whose home is situated within the defined intake area and who are eligible to attend a NSW government school are guaranteed a place.

Girraween Public School cannot accept out of area enrolments.

153 Toongabbie Road is within the designated intake area of Metella Road Public School.

No new enrolments from 153 Toongabbie Road can be accepted for Girraween Public school from the commencement of the 2015 school year.

Yours sincerely,

Glenn Walker

## 3L HAVE BEEN FOCUSED ON READING

In 3L, we have been learning about the Super Six Comprehension Strategies, which are Summarising, Making Connections, Predicting, Monitoring, Visualising and Questioning.

These comprehension strategies have helped us to better understand and appreciate a variety of texts. In learning these comprehension strategies, we have particularly enjoyed working in groups and sharing our ideas with one another.

# Parenting *ideas* INSIGHTS

## Building parent-school partnerships

WORDS Michael Grose

### Being a great dad

Many dads tell me that they want a better relationship with their children, particularly their sons, than they had with their own fathers.

There's no doubt that fathering has changed in recent years. Gone is the distant dad of the 1960's and 70's who saw his main job as keeping a roof over his family's head and bread on the table. An occasional game in the back yard and dishing out the heavy discipline that mums couldn't deal with was the extent of his involvement with his kids.

Many dads tell me that they want a better relationship with their children, particularly their sons, than they had with their own fathers. Sadly, many men still don't enjoy a close relationship with their fathers, but they are determined to change things with their own kids.

**Here are seven ideas to help you form close relationships with your kids, and maximise your effectiveness as a parent and a partner:**

#### 1 Find something in common with your kids

Dads need something in common with their children. They relate better when they have a shared interest or shared passion with their kids. Many men relate to their kids while being active, and teach many important lessons through games and play. But if sport is not your bag, find something else that you and your kids have in common. A common interest is a great help for fathers who live apart from their kids who are looking to maximise the time they have with them.

#### 2 Spend time with your sons

A dad can do little wrong in the eyes of a young boy. From around the age of five years a boy thinks his dad is like superman. Ironically, he may give his mum a hard time at this stage. Dads need to spend as much time with their sons in these impressionable years as possible. They just need to be careful not to push their sons too hard or turn every game into a lesson. That's when boys turn off their dads.

#### 3 Don't whimp out on discipline

Dads are traditionally the kings of play, but they can go missing when it comes to discipline. They get their kids excited in a game before going to bed, then expect their partner to settle them down. It helps if both parents can take their share of managing children's behaviour.

#### 4 Treat your daughters well

There are strong links between close fathering and the healthy development of girls. Dads teach their daughters strong lessons about how they should be treated by males. So dads need to treat their daughters respectfully so they learn to expect this treatment in their future relationships with men.

#### 5 Say good bye Superman, hello Clarke Kent

Adolescent boys are programmed to challenge their fathers. It's part of the growing up process. Australian author John Marsden refers to this phenomenon as the 'old ram, young ram syndrome'. He's right. It's a type of rite of passage

that plays out in many Australian homes. Verbal jousting matches are a popular father-son game where boys take great delight in proving their fathers are fallible. A dad at this stage needs a sense of humour as well as a willingness to stand back and allow other mentors in to his son's life.

#### 6 Support your partner

Fathers may play an integral part in the lives of their children but they also have a profound effect on the quality of mothering that children receive. There is little doubt that a woman who can share the emotional and financial burdens of child-rearing with a supportive partner is more likely to be a loving, affirming mother. Supportive fathering is one of the keys to better mothering.

#### 7 Change as your child changes

Kids grow up at the speed of light and change before you know it. They're kids one day and teenagers the next. They can catch many fathers unaware. The most effective dads are those who change their parenting to suit the needs of their kids at each stage of development, rather than stubbornly hold to outmoded ideas of how they think their kids should be.

Those fathers who are a little apprehensive or lack sufficient confidence should become involved in as many aspects of parenting as they can. The best way to learn about parenting is by doing it. Children are a terrific resource for fathers - men can learn about children from children themselves. By being alert, watchful and learning to listen to their children fathers can learn all they need to know about parenting.

## Loom for Sanfilippo Helping sick children

Do your children like to loom? Girraween Primary School children are being asked to join the challenge to make a mega-loom long enough to stretch across the Sydney Harbour Bridge and support the Sanfilippo Children's Foundation.

The campaign is called **Loom for Sanfilippo** with a hashtag of #kidshelpingkids and encourages allows children to participate in philanthropic activity that will help fund a potentially life-saving treatment for Australian children battling the deadly disease Sanfilippo.

Children are asked to buy their own loom bands, get looming and then seek sponsorship money for each loom they make from friends and family. Please ask the office for a sponsor form. All money, sponsor forms and looms are to be returned to the office by **Monday 15th September**.

Looming is not only good fun; it can also help improve children's fine motor skills, according to occupational therapist, Rachel Hansen from Kids OT.

"Looming is an excellent activity to facilitate finger isolation and dexterity in children, as well as visual motor control and hand-eye coordination. It helps foster creativity, sequencing skills and visualisation," Ms Hansen said.

Loom for Sanfilippo provides children with the opportunity to be a part of something bigger than themselves. It will give them the experience of helping others, community awareness and team work. All monies raised will go to the Sanfilippo Children's Foundation ([www.sanfilippo.org.au](http://www.sanfilippo.org.au)) to help bring urgent treatment here to Australia, and give a future to these children. A clinical trial is due to start next year if adequate funds are raised.

To make a donation or to learn more, go to: [www.sanfilippo.org.au](http://www.sanfilippo.org.au) or [www.facebook.com/sanfilippochildrensfoundation](https://www.facebook.com/sanfilippochildrensfoundation). ## Keep brains ticking

If your child is working on a personal project or a school assignment or you want to do a little revision, don't forget [www.SchoolAtoZ.com.au](http://www.SchoolAtoZ.com.au) has lots of information and fact sheets to help with homework.

For students polishing their spelling skills, the free Spelling Bee mobile app also allows them to record a list of their own words and then test themselves. You might even want to challenge them with a list you create. Here's where you'll find the free app to download: <http://bit.ly/Q9ez0G>

### Value of the Month: Respect

Having regard for yourself and others, lawful and just authority and diversity within Australian society and accepting the rights of others to hold different or opposing views.

In school communities, evidence of this value includes:

- regarding as important the opinions of parents
- implementing government education policy

In classrooms, evidence of this value includes:

- accepting the rights of other to hold different views to your own
- listening to others without interrupting
- obeying school rules
- acknowledging the strengths and abilities of students
- affirming cultural diversity within the school community.

### LIMITED VACANCIES!

Preschool is a necessary stepping-stone to 'big school' and an important stage in a child's development. At First Academy Preschool Childcare, we pride ourselves on providing a safe and nurturing environment in order for your child to reach their full potential.

Our centre caters for children from 0- 6 years of age, operating between 7:00 am and 6:00 pm and offering:

## Road safety around your child's school

### Your child's safety depends on you

#### Drop off and pick up by car

Make sure your children are in an appropriate child car seat that is fitted and used correctly.

Stick to the 40km/h speed limit in a school zone as children are about.

Look for buses pulling out – watch for flashing wig wag lights.

Always park and turn legally around schools.

Avoid dangerous manoeuvres such as U-turns and three-point turns.

Always give way to pedestrians particularly when entering and leaving driveways.

Drop your children off and pick them up on the school side of the road in your school's designated drop off and pick up area. Calling out to them from across the road is dangerous – they may run to you without checking for traffic.

It's safest for children to get out of the car on the kerb side of the road to be away from passing traffic.

#### Walking together to and from school

Plan your trip to school so you use pedestrian crossings where possible.

Always hold your child's hand. Children need your help to spot dangers such as vehicles coming out of driveways. They can also be easily distracted and wander into traffic.

Drop off and pick up your child near the school gate and avoid calling them from across the road.

Talk with your children about **Stop, Look, Listen and Think** every time they cross the road.

**STOP!** one step back from the kerb.

**LOOK!** for traffic to your right left and right again.

**LISTEN!** for the sounds of approaching traffic.

**THINK!** whether it is safe to cross.

Young children can learn these **safe pedestrian habits** from you and continue them later on when they are old enough to travel alone.

Did you know your child is learning about road safety at school?

# Pedestrian Refuge Islands

Here are some helpful tips on how to stay safe when using the pedestrian refuge island on Gilba Road, Girraween.

It is important to remember that a Pedestrian refuge island is not a pedestrian crossing; they are installed on busy or wide roads to help pedestrians cross in two stages, therefore vehicles have right of way.

When using a pedestrian refuge island:

- Always give way to vehicles
- Always Stop, Look, Listen and Think
- If you can't get all the way across, use the island and stop half way
- Always hold hands with your child
